applications including oil and gas, water, power generation, construction, mining and fire

### Fosroc Conbextra GP constructive solutions

No metallic iron content to cause staining. Prepackaged material overcomes potential on-site batching variations. Develops high early strength without the use of chlorides. High ultimate strength and low permeability ensure the durability of the hardened grout. Standards compliance Conbextra GP meets or exceeds the test requirements of ASTM C 1107. Description Conbextra
