The Collected Works of William Morris 1912

**News from Nowhere and Other Writings** William Morris 2004-12-02  
Poet, pattern-designer, environmentalist and maker of fine books, William Morris (1834-96) was also a committed socialist and visionary writer, obsessively concerned with the struggle to achieve a perfect society on earth. *News From Nowhere*, one of the most significant English works on the theme of utopia, is the tale of William Guest, a Victorian who wakes one morning to find himself in the year 2102 and discovers a society that has changed beyond recognition into a pastoral paradise, in which all people live in blissful equality and contentment. A socialist masterpiece, *News From Nowhere* is a vision of a future free from capitalism, isolation and industrialisation. This volume also contains a wide selection of Morris's writings, lectures, journalism and letters, which expand upon the key themes of *News From Nowhere*.

**The Enchantments of Mammon** Eugene McCarragher 2019 Eugene McCarragher challenges the conventional view of capitalism as a force for disenchantment. From Puritan and evangelical valorizations of profit to the heavenly Fordist city, the mystically animated corporation, and the deification of the market, capitalism has hijacked our intrinsic longing for divinity, laying hold to our souls.

allowing easy navigation around the eBook \* Excellent formatting of the text Please visit [www.delphiclassics.com](http://www.delphiclassics.com) to learn more about our wide range of titles

**"News from Nowhere"** Isabelle Gadoin 2004 Londres au vingt-deuxième siècle : la cité grise et polluée est devenue un paradis pastoral, où règnent harmonie et joie de vivre, et où tous sont beaux, intelligents et autodidactes. La cause de ce changement ? Une révolution socialiste réussie qui a aboli l'Etat capitaliste, les différences de classes et l'exploitation du pénible labeur des ouvriers. Cette société idéale néanmoins emprunte bien de ses aspects au monde médiéval qu'affectionnait William Morris... Pour tenter de cerner cette œuvre dense et souvent contradictoire, on a adopté ici une démarche en trois temps, abordant d'abord la pensée artistique de Morris, fondation indispensable à la compréhension de ses thèses sociales et politiques ; puis la manière dont Morris exploite la grande tradition utopique héritée de Thomas More, en projetant son lecteur dans un futur idéal qui se souvient avec émotion de son passé morose. Mais la forme romanesque clairement affichée par cette " utopian romance " n'est de toute évidence qu'un fin déguisement pour ce qui peut se lire comme une véritable plate-forme politique. Socialiste Communiste ? Expression excentrique et marginale des dégoûts de l'âge industriel, ou théorisation sérieuse de positions qui formèrent un des premiers chapitres de l'histoire du socialisme britannique ? Ce sont ces interprétations polémiques et divergentes qu'explorent les divers articles rassemblés ici.

The Odes of Horace Horace 2016 William Morris had a lifelong fascination with illuminated books. He collected thirteenth- and fourteenth-century manuscripts and became one of the foremost experts on the art of bookmaking and calligraphy. Aiming to resurrect a tradition that had fallen into abeyance with the invention of printing, he made eighteen illuminated books, using a variety of texts, during the course of his life. One of these, now held in the Bodleian Library, is a handmade edition of the 'Odes of Horace'. The pages of this book, reproduced here in high-quality facsimile, are among the most intricate and ambitious that Morris ever created. Using a Renaissance italic style of calligraphy, he

illuminated letters with delicate shades of gold and silver, and adorned them with floral decoration and miniature faces and figures. The openings to each of the four books of the Odes are stunning display pages on which Morris collaborated with the artists Edward Burne-Jones and Charles Fairfax Murray. The Roman poet Horace (65-8 BCE) wrote four books of lyric poetry in Latin which have subsequently been translated many times and have had an ongoing influence on Western literature. He combined descriptions of the everyday with the poetry of politics, patriotism, love and friendship, producing lines of beauty and wisdom which were very popular in Morris's day and continue to appeal in the twenty-first century. This facsimile edition is presented in a blind embossed slipcase featuring a detail from one of Burne-Jones' paintings in the book with a companion volume containing an introduction to William Morris's manuscript and an English translation of the Odes.

**Teaching William Morris** Jason D. Martinek 2019-11-15 A prolific artist, writer, designer, and political activist, William Morris remains remarkably powerful and relevant today. But how do you teach someone like Morris who made significant contributions to several different fields of study? And how, within the exigencies of the modern educational system, can teachers capture the interdisciplinary spirit of Morris, whose various contributions hang so curiously together? Teaching William Morris gathers together the work of nineteen Morris scholars from a variety of fields, offering a wide array of perspectives on the challenges and the rewards of teaching William Morris. Across this book's five sections—"Pasts and Presents," "Political Contexts," "Literature," "Art and Design," and "Digital Humanities"—readers will learn the history of Morris's place in the modern curriculum, the current state of the field for teaching Morris's work today, and how this pedagogical effort is reaching well beyond the college classroom.

The Eastern Question: Letter to the Daily News [in, News from Nowhere and Other Writings: Edited with an Introduction and Notes by Clive Wilmer] (Penguin Classics). 2004

*News from Nowhere* William Morris 2004-01-01 One of the most literary and readable of utopian novels, *News from Nowhere* chronicles the impressions of a nineteenth-century visitor to the twenty-second century, who finds England transformed into a socialist paradise. Morris' idyllic society echoes themes from the writings of Ruskin and Marx but forms a distinctive expression of the author's own egalitarian views. A distillation of Morris' mature reflections on politics, art and society, this work was regarded as an exercise in sentimentality upon its 1890 publication. Modern readers, however, are likely to find resonance in its critique of state socialism and its proposals for an alternative society.

**News from Nowhere - William Morris** William Morris 2021-06-15 *News from Nowhere* is a classic work combining utopian socialism and soft science fiction written by the artist, designer and socialist pioneer William Morris. It was first published in serial form in the *Commonweal*

journal beginning on 11 January 1890. Up at the League, says a friend, there had been one night a brisk conversational discussion, as to what would happen on the Morrow of the Revolution, finally shading off into a vigorous statement by various friends of their views on the future of the fully-developed new society. Says our friend: Considering the subject, the discussion was good-tempered; for those present being used to public meetings and after-lecture debates, if they did not listen to each others opinions (which could scarcely be expected of them), at all events did not always attempt to speak all together, as is the custom of people in ordinary polite society when conversing on a subject which interests them. For the rest, there were six persons present, and consequently six sections of the party were represented, four of which had strong but divergent Anarchist opinions. One of the sections, says our friend, a man whom he knows very well indeed, sat almost silent at the beginning of the discussion, but at last got drawn into it, and finished by roaring out very loud, and damning all the rest for fools; after which befel a period of noise, and then a lull, during which the aforesaid section, having said good-night very amicably, took his way home by himself to a western suburb, using the means of travelling which civilisation has forced upon us like a habit. As he sat in that vapour-bath of hurried and discontented humanity, a carriage of the underground railway, he, like others, stewed discontentedly, while in self-reproachful mood he turned over the many excellent and conclusive arguments which, though they lay at his fingers ends, he had forgotten in the just past discussion. But this frame of mind he was so used to, that it didnt last him long, and after a brief discomfort, caused by disgust with himself for having lost his temper (which he was also well used to), he found himself musing on the subject-matter of discussion, but still discontentedly and unhappily. If I could but see a day of it, he said to himself; if I could but see it!

William Morris - News from Nowhere William Morris 2015-01-27 William Morris was born in Walthamstow, London on 24th March 1834 he is regarded today as a foremost poet, writer, textile designer, artist and libertarian. Morris began to publish poetry and short stories in 1856 through the Oxford and Cambridge Magazine which he founded with his

friends and financed while at university. His first volume, in 1858, The Defence of Guenevere and Other Poems, was the first published book of Pre-Raphaelite poetry. Due to its luke warm reception he was discouraged from poetry writing for a number of years. His return to poetry was with the great success of The Life and Death of Jason in 1867, which was followed by The Earthly Paradise, themed around a group of medieval wanderers searching for a land of everlasting life; after much disillusion, they discover a surviving colony of Greeks with whom they exchange stories. In the collection are retellings of Icelandic sagas. From then until his Socialist period Morris's fascination with the ancient Germanic and Norse peoples dominated his writing being the first to translate many of the Icelandic sagas into English; the epic retelling of the story of Sigurd the Volsung being his favourite. In 1884 he founded the Socialist League but with the rise of the Anarchists in the party he left it in 1890. In 1891 he founded the Kelmscott Press publishing limited edition illuminated style books. His design for The Works of Geoffrey Chaucer is a masterpiece. Morris was quietly approached with an offer of the Poet Laureateship after the death of Tennyson in 1892, but declined. William Morris died at age 62 on 3rd October 1896 in London. Here we present News from Nowhere.

2016-05-20 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made

generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

**The Ideal Book** William Morris 1982 Here are all of William Morris's known writings on the book arts. He founded the Kelmscott Press in 1891 with the express aim of rejuvenating one of the most debased of the applied arts - printing. He produced magnificent books, and his revolutionary views on typography and the book arts have become the basis of modern design. Morris's essays and lectures are supplemented by an introduction and notes by Professor Peterson, a newly edited version of Sydney C. Cockerell's *A Short History and Description of the Kelmscott Press*, four interviews with Morris about his work as a printer, and many handsome photographs of books and medieval manuscripts that Morris refers to.
